PROJECTS

REAL TIME HAND GESTURE RECOGNITION SYSTEM, Months

Me and my group made a Real Time Hand Gesture Recognition System as a mini project through Python and its libraries. It basically shows the meaning of hand gesture in real time which could be helpful for physically challenged people.

WEB 3.0 BLOCKCHAIN BASED ECOMMERCE WEBSITE, Months

My team and I developed a Web 3.0 Blockchain-based E-commerce Website for my engineering program. The project aimed to integrate the benefits of blockchain technology into the e-commerce domain, enabling Cryptocurrency payments for secure and transparent transactions with a user-friendly interface intuitive navigation, and a seamless browsing experience.

EXTRA-CURRICULAR ACTIVITY

Karate

Represented college and Nagpur University, elevating their karate recognition. Demonstrated leadership, teamwork, and sportsmanship in national-level tournaments. Contributed to the success and reputation of both institutions in karate.
